PROFESSIONAL SUMMARY

Entry-level Software Developer with hands-on development experience gained through 6 months of freelance projects. Skilled in Java, Python, React.js, JavaScript, SQL, and REST API development, with practical experience building web applications and database-driven solutions. Strong foundation in Object-Oriented Programming, DBMS, problem solving, and software development practices. Seeking an opportunity to contribute technical skills and grow as a professional software developer.

TECHNICAL SKILLS

Programming : Java, Python, JavaScript, SQL

Frontend : React.js, HTML5, CSS3, Bootstrap, Tailwind CSS

Backend : Spring Boot, Flask, Django, Node.js, Express.js, REST APIs

Databases : MySQL, MongoDB,

Tools : Git, GitHub, Postman, VS Code, MySQL Workbench

Core Concepts: OOPS, Data Structures, DBMS, CRUD Operations, Exception Handling, REST APIs

FREELANCE EXPERIENCE

Freelance Software Developer | 6 Months

- Developed and delivered a responsive real estate web application with an admin CMS, implementing property listings, search/filtering, authentication, CRUD operations, image management, and customer inquiry functionality.
- Worked with Next.js, TypeScript, Tailwind CSS, Auth.js, Cloudinary, and Vercel, including testing, SEO/performance optimization, production deployment, and client handover.

PROJECTS

AI-Based CCTV Accident Detection System

Python | YOLOv8 | OpenCV | Flask | MySQL

- Developed an AI-based application for detecting vehicle accidents and fire incidents from CCTV/video streams.
- Implemented YOLOv8 for object detection and DeepSORT for vehicle tracking.
- Developed a Flask dashboard for monitoring video streams and detected
- Stored accident and alert information using MySQL.
- Implemented automated alert functionality for detected incidents.

Inventory Management System

Java | MySQL | SQL

- Developed an inventory management application for maintaining product and stock information.
- Implemented CRUD operations using Java and MySQL.
- Created SQL queries for product management, stock tracking, and data retrieval.
- Applied OOP principles to organize application functionality.

Education

B.E. – Computer Science and Engineering

Kathir College of Engineering, Coimbatore
2021 – 2025 | CGPA: 7.5/10
